1-10

1. Identify a niche and stick to it.

2. Define your target audience.

3. Optimize your account and include relevant keywords in your bio.

4. Use relevant, well researched, hashtags. Avoid banned hashtags.

5. Show up on instagram stories every day.

6. Collaborate with other creators, influencers or business owners.

7. Create more reels (70% of your content.)

8. Add keywords to your captions.

9. Write click-worthy headlines (you'll need hooks).

10. Engage with 10 top accounts in your niche every day.

11-20

11. Use different content formats on Instagram (well balanced content strategy).

12. Answer your audience's pain points through your content.

13. Go live at least once every two months.

14. Do not buy followers or likes to avoid getting penalized by Instagram.

15. Create savable content (think tutorials, lists etc)

16. Use relevant Call To Actions for different post formats.

17. Reply to all your comments and dms.

18. Use interactive Instagram story stickers.

19. Host a giveaway (work with a brand or complementary business for this).

20. Have well defined story highlights.

21-30

21. Upload 2-3 stories per day.

22. Analyze your Insights every week to know what's working.

23. Be active on Instagram and engage for at least 15 minutes after you publish a new post.

24. Go to a hashtag relevant to your niche and leave a comment on 5 'top posts.'

25. Tag relevant brands mentioned in your content.

26. Post 3-4 times a week, consistently.

27. Like Instagram stories from 10 creators 5 minutes before uploading your new post.

28. Leave a helpful or humorous comment on five posts from your explore page (praise the content or supplement on it).

29. Post 20 minutes before your peak time.

30. Be patient, Instagram growth takes time and consistent effort.

Thank you!

I hope these tips help you jumpstart your growth so that you can achieve your business or personal goals on Instagram.
